Ambedkar Dwar, Govindpuram, Ghaziabad,

Uttar Pradesh ,201013

Web Developer

Motivated Computer Science student with strong hands-on experience in full-stack web development using MongoDB, Express.js, React.js, and Node.js. Skilled in building scalable RESTful APIs, responsive user interfaces, and efficient data-driven applications. Passionate about problem-solving, clean code practices, and developing real-world projects.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

Dr Abdul Kalam Technical University

Ghaziabad, UP • 09/2022 - 06/2026

12th (Intermediate)

Central Board of Secondary Education

Vishakhapatnam, Andhra Pradesh
07/2020 - 07/2021

10th (High School)

Central Board of Secondary Education

Kamba, Arunachal Pradesh
07/2018-07/2019

CERTIFICATIONS

GenAI Powered Data Analytics Job Simulation-Tata(july 2025)

Certified Web Developer-Codsoft Pvt Ltd(August 2025)

Technical Event-HIET(september 2025)

AI Tools Training-OEX TECH SOLUTION(September 2025)

AWARDS & SCHOLARSHIP

Awarded in a Technical Event for designing and simulating a functional robot, showcasing

Innovation and strong understanding of robotics concepts.

PROJECTS

Hospital Management System

Developed a Hospital Management System using HTML, CSS, and JavaScript to manage patient record, appointments, and doctor information. Focused on clean UI, efficient data handling, and responsive design.

Balancing Building Bot

Designed and simulated a balancing building boat in CoppeliaSim, focusing on physics-based stability, movement control, and structural design to demonstrate dynamic equilibrium in a virtual marine environment.

AirBnb

Developed an Airbnb clone using Node.js, Express, and MongoDB, featuring user authentication, property listings, and booking management. Implemented RESTful APIs for seamless data handling and CRUD operations.

Weather App

Built a responsive weather app using React.js and OpenWeatherMap API to display real-time weather data with dynamic UI updates and efficient state management.

VOLUNTEERING & LEADERSHIP

Hi-Tech institute of engineering and technology

04/2025

Event Coordinator

Successfully organized and coordinated a college-level hackathon, managing logistics, participant communication, and event flow. Ensured smooth execution, teamwork, and timely problem-solving to deliver a successful and engaging tech event.

SKILLS

Languages: JavaScript, Java

Frontend: HTML, CSS, React.js

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Tools: Git, GitHub, Vs Code
